T-301 P.05/07 Job-482

IN THE UNITED STATES DISTRICT COURT
FOR THE EASTERN DISTRICT OF PENNSYLVANIA

IN RE: DIET DRUGS (Phentermine/
Fenfluramine/Dexfenfluramine) : MDL Docket No. 1203
PRODUCTS LIABILITY LITIGATION :

PRETRIAL ORDER NO. 1162

(Designation of Treating Physicians
As Case-Specific Experts)

This Order will govern the designation of treating physicians as case-specific experts in all cases that are part of this coordinated proceeding.

Pursuant to Pretrial Order No. 417, Plaintiffs are required to designate case-specific experts who are expected to testify as to any issue other than economic damages. In addition to identifying these experts, Pretrial Order No. 417 requires Plaintiffs to provide all expert disclosures in accordance with Fed. R. Civ. P. 26(a)(2).

The Special Discovery Master has informed the Court that some Plaintiffs have failed to designate as experts treating physicians who intend to give opinion testimony regarding causation. Absent proper disclosures, Defendants are denied an adequate opportunity to prepare for the depositions of these experts.

Although most Plaintiffs have identified treating physicians in their fact sheets, this identification does not meet the expert disclosure requirements of Pretrial Order No. 417 or Fed. R. Civ. P. 26(a)(2). As such, any Plaintiff who intends to rely

MAR-02-00 12:32 From:

T-301 P.06/07 Job-482

upon a treating physician as a causation expert must designate the physician as a case-specific expert and provide all Fed. R. Civ. P. 26(a)(2)(B) disclosures pursuant to the deadlines established by Pretrial Order No. 992.

In those cases where Plaintiffs have designated by name their treating physicians as case-specific experts within the established deadlines but have failed to provide the disclosures required by Fed. R. Civ. P. 26(a)(2)(B), Plaintiffs shall serve complete expert disclosures within thirty (30) calendar days of the date of this Order.

For those cases with Discovery Initiation Dates ("DIDs") up to and including October 1, 1998, where the deadlines for designating case-specific experts have expired, Plaintiffs may designate their treating physicians as case-specific experts in accordance with the following conditions:

1. Plaintiffs may designate as case-specific experts only those physicians previously identified in their fact sheets as treating physicians;
2. Plaintiffs must designate their treating physicians as case-specific experts within fourteen (14) calendar days of the date of this Order;
3. Plaintiffs must provide all expert disclosures, as required by Fed. R. Civ. P. 26(a)(2)(B), for those treating

MAR-02-00 12:32 From:

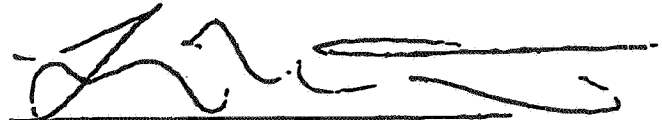

T-301 P.07/07 Job-482

physicians designated as case-specific experts within thirty (30) calendar days of the date of this Order; and

4. In those situations where Defendants have deposed previously the treating physician who is now designated as Plaintiff's case-specific expert pursuant to this Order, as a fact witness after the deadline for disclosure, Defendants may redepose this physician with Plaintiff to bear the costs, including reasonable expert fees, counsel fees and expenses. Plaintiffs shall not bear the costs for Defendants to depose a treating physician not yet deposed by the Defendants.

The Special Discovery Master will establish deadlines in addition to those set forth herein for completing the depositions of all related case-specific experts and for Defendants to provide responsive expert designations and disclosures.

BY THE COURT:

BECHTLE, J.

Date: February 18, 2000

RE: Marilyn Melder

To Whom It May Concern:

I am a physician Board Certified in Cardiology, Interventional Cardiology, and Internal Medicine and have practiced cardiology in the state of Louisiana since 1995. I am Chief of Cardiology at Lakeview Regional Medical Center and treat patients who have cardiac disease. I have not testified as an expert at trial or by deposition within the preceding four years. The remainder of my qualifications and current publications are found in my curriculum vitae. My fee for depositions and trial testimony is \$500.00 per hour including travel time.

I was asked to interpret an echocardiogram on Marilyn Melder. My opinion expressed for her is based on my review of her echocardiogram tape and is contained in my report. The data and information I used in forming my opinion was based on the level of regurgitation as defined by Singh (1999).

The echocardiogram tape and accompanying report can be used as exhibits in support of my opinion.

Should you need any further information please don't hesitate to contact my office.

Sincerely,

Gabriel P. Lasala, M.D., F.A.C.C.
